

STONESPRINGS HOSPITAL CENTER

OPENING DECEMBER 2015

LOUDOUN COUNTY'S FIRST NEW HOSPITAL IN 100 YEARS

StoneSprings Hospital Center will increase access to high-quality healthcare for Loudoun County residents, improve the county's emergency preparedness capabilities, and provide new jobs and tax revenue to fund important community services.

SIZE

- 124 Beds
- 243,000 square foot hospital
- 100,000 square foot medical office building

SERVICES

- A full-service, 24/7 Emergency Department
- The latest technology applied to patient care and safety
- Medical/surgical/pediatric/intensive care services
- Ten Labor-delivery-recovery-postpartum beds
- Advanced cardiac services, including a Cardiac Cath Lab
- Comprehensive diagnostic imaging and interventional services

ECONOMICS

- \$186.5 million total investment
- More than \$2.1 million in new local tax revenues
- 500 healthcare-related jobs (studies show that for every healthcare job, another job is created in the locality)
